

The Red Hat
related to feelings
and intuition

A SPLASH OF THIS AND A DASH OF THAT

THE TASK: Create a recipe for a character.
This is not a typical recipe. The ingredients are going
to be inspired by the character's likes, dislikes,
personality traits and relationships.

The Red Hat
related to feelings
and intuition

A SPLASH OF THIS AND A DASH OF THAT

For this task you are required to:

- **Create a name for this recipe that suits the character**, for example for Charlie Bucket from Charlie and the Chocolate Factory, you could create a recipe for 'Charlie's Hearty Feel Good Pie'.
- **Select the ingredients**, for example a heaped cup of wit or honesty, three cups of loyal friendship, an ounce of jealousy, three tablespoons of optimism or pessimism (depending on your character).
- **The method** – state the way in which the 'ingredients' are combined to create the dish.
- **Suggest how this dish is best served** (needs to relate to the character) best served with...if the character is close to their family and friends then the dish may be best served with those they hold nearest and dearest; it could be best served at a particular location that is meaningful to the character; or with music that the character enjoys.

THINKING SKILLS

(with example):

Complete the following steps (steps 1-7) in your book or on your tablet. Be creative with how you present your responses.

Step 1: Brainstorm the character's personality traits.

Step 1 example:

A recipe for Charlie Bucket from Charlie and the Chocolate Factory.

Brainstorm Charlie Bucket's personality traits.

and intuition

A SPLASH OF THIS AND A DASH OF THAT

Step 2: Analyse the relationship between the chosen character and at least two other characters from the book.
See Step 2 example included on next page (this is a suggestion only). You decide how you would like to present your response in your book or on your tablet.

Key relationships

The Red Hat

and intuition

A SPLASH OF THIS AND A DASH OF THAT

Key relationships from 'Charlie & the Chocolate Factory'

Step 2 example:

Analyse the key
relationships
Charlie Bucket has.

Charlie Bucket

Grandpa Joe is Charlie's paternal grandfather, friend and confidante. Grandpa Joe has a sense of fun, is wise, rational, caring and loving. Grandpa Joe is not deterred by what others may say about Mr Wonka. He is steadfast in his opinion that Mr Wonka is a genius.

Mr Wonka is the unconventional owner of the Wonka Chocolate Factory. He has the entrepreneurial idea to create a competition where the prize is five elusive golden tickets to visit his world famous chocolate factory. Mr Wonka's aim is to use the winners of these highly sought after tickets to find a respectful child to pass on all of his knowledge and secrets about the factory.

Mr Bucket is Charlie's Dad. He is a hard worker and provides for his extended family who all live together (both sets of Charlie's grandparents, as well as his own family). Mr Bucket's wage is just enough for them to survive and they only live with the necessities.

Mrs Bucket is Charlie's Mum. She is a devoted mother, daughter and daughter in law. Mrs Bucket takes care of her parents and parents in law. She is generous, kind and always has Charlie's best interests at heart.

and intuition

A SPLASH OF THIS AND A DASH OF THAT

Step 3: Identify what is important to the character. What brings the character joy? What does the character value? What makes the character unhappy?

Step 3 example:
What brings Charlie joy?

His family, talking to his bedridden grandparents, Charlie takes joy from the simple pleasures in life, his birthday – the one day in the year where he has a Wonka chocolate bar.

Step 4: Using the character's personality traits as well as any of the other information about the character, create a name for the recipe.

Step 4 example:
Charlie's Hearty Feel Good Pie.

Step 5: Create an ingredient list that is inspired by the character traits that you brainstormed.

Step 5 example: The ingredients for Charlie's Hearty Feel Good Pie:

Base:

3 heaped cups of selflessness
350ml of loyalty to family
2 cups of respect
Generous sprinkle of optimism

Filling:

Resilience chopped up into fine pieces
A generous sprinkling of tolerance
A cup of a grateful attitude
A large handful of bravery
Courage to flavour

Step 6: Outline the process for combining the ingredients.

Step 6 example:
The process for combining the ingredients:

Combine selflessness, loyalty to family and respect to form a hearty crust which will be strong and able to face any situation with integrity. Sprinkle this base with a generous handful of optimism. Let rest. For the filling, combine the fine pieces of resilience, sprinkle of tolerance, cup of grateful attitude and large handful of bravery. Mix well together so that they combine to form a wholesome filling. Add courage to flavour. Pour filling onto pie base. Cook for one hour.

Step 7: Suggestions for the best way to serve the dish (relating to the character).

Step 7 example:
Best served with family while enjoying the simple pleasures that life has to offer.
